

## **CLUNIE**

### **Professor Gordon**

The Royal Australasian College of Surgeons notes with great sadness the passing of Professor Gordon Clunie, member of the Court of Honour, past Councillor and Editor-in-Chief of the ANZ Journal of Surgery.

Gordon held many important positions in the College and was recipient of numerous awards including the Sir Louis Barnett Medal – a signal honour – and RACS Surgical Research Award.

Gordon's contributions to the College's leadership, standards of surgical education and training and initiatives to improve health and medical training in the region are enormous and long lasting.

Gordon's exceptional qualities earned him the highest universal respect. He was a mentor who will be gratefully remembered and missed by many.

***Our heartfelt  
condolences to the  
Clunie family.***
